CKC Promotions & New Hires

Cary Kopczynski & Company (CKC) recently promoted Ron Mirahsani, PE, SE to Principal, Andy Tu, PE, LEED AP to Senior Project Engineer, and Jason Thome, PE to Senior Project Engineer; and added Angelia Tanamal, PE, as Design Engineer, Angela Wang as BIM Modeler, and Stephanie Vincent and Kellie Filips as Engineering Interns.

Ron Mirahsani has 25 years experience in structural and civil engineering, 13 with CKC. Ron will assume additional responsibilities for client relations and project team management. He is currently managing 1200 South Figueroa, two 40-story residential towers in Los Angeles; and Golden Nugget, a casino with 20 and 14-story hotel towers in Lake Charles, Louisiana.

Andy Tu has 11 years experience as a professional engineer, 7 with CKC. He is currently working on Lincoln Square Expansion, a 2.4-million square foot mixed-use development in Bellevue, which includes a 30-story office tower and 41-story hotel/condominium tower; and the University Village QFC Parking Structure.

Jason Thome has 8 years experience as a professional engineer, 7 with CKC. He is currently working on Potala, a 440' residential tower on Fourth Avenue in Seattle; and a 400' condominium tower for Continental Properties at Second and Virginia in Seattle.

Angelia Tanamal has four years experience as a professional engineer and holds a Master of Science in Civil Engineering from UC Berkeley. She is currently working on Potala Tower and 1200 South Figueroa Towers.

Angela Wang has two years experience with Building Information Modeling (BIM). Prior to joining CKC, she worked as a structural engineer in China. She is currently working on Lincoln Square Expansion.

Stephanie Vincent and Kellie Filips were hired as interns. Stephanie is pursuing a Bachelor of Science in Civil Engineering with a Structural Engineering concentration from Washington State University. Kellie is pursuing a Bachelor of Science in Civil Engineering with a focus in Structural Engineering from Marquette University in Milwaukee.

CKC, a Bellevue, Washington based structural engineering firm, designs urban buildings and parking structures throughout the United States and beyond.
